## FIRE STONE MECH!

# THE DUNGEONS OF SHINTARO!

Many creatures creep and crawl through the dungeons deep below the city of Shintaro.

## The Tribes

Two tribes live in the caves below Shintaro. **The Geckles** are little purple creatures that love order and moss milk. **The Munces** are big green beings who love sparkly things. They once lived peacefully together, but **the Skull Sorcerer tricked them into hating each other** and forced them to mine Vengestone in the dungeons of Shintaro.

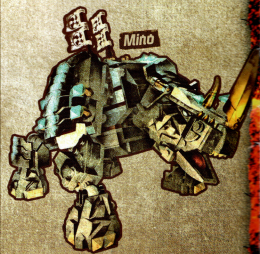

## The Villain

**The Skull Sorcerer is the master of the dungeons!** He wants to mine as much Vengestone as possible. His powers come from the Skull of Hazza D'Ur, and with it **he can turn skeletons into invincible warriors**. With his bony army behind him, this villain controls the monsters and tribes of the underworld. **Can our ninja heroes stop this dangerous enemy?**

## The Monsters

Strange creatures creep around the dungeons of Shintaro. **Magma Monsters, giant spiders, stone turtles and mighty Minos** pose a danger to anyone passing by. But it's the **Grief-Bringer**, the revived skeleton of a once mighty and dangerous dragon, that scares even the bravest of heroes. **This powerful beast is under the spell of the Skull Sorcerer.**

I THINK  
THESE DIGITAL  
GLASSES...

...ARE  
REALLY  
COOL.

## WEAPONS CHECK 1:

## SWORD

The very finest swordsmith from Ninjago City created this **incredible weapon** for Lloyd. Are you capable of wielding this powerful work of art?

## MY ADVICE:

PLACE YOUR TOY IN THE WHITE SPACES TO CHECK WHICH OUTLINE FITS.

## WEAPONS CHECK 2:

## SPIKY CONTROLLER

Gaming goodness with golden spikes! Rumours suggest it comes in two versions. **Villains run away screaming** at the very sight of this epic weapon!

A dream for every gamer, this **spiky controller** fits perfectly into Digi Lloyd's **hand**. It's game over for any enemy in his way!

## Complete control!

Someone wants to keep Lloyd from getting a high score and has planted five fake controllers here.

**Can you tell which outline is a perfect match for your toy version? Circle it!**

Answer on page 34.

1. Decide who will play for the ninja and who will play for the villains.
2. The player with the longest hair rolls the dice first. Then take it in turns.
3. Roll the dice and tick the number you rolled. If you roll a one, choose a tick on your opponent's side to erase. If you roll a number that is already ticked off on your side, it is your opponent's turn again.
4. The first to tick off all their numbers wins the game.
